

MASUD RANA

FULL STACK DEVELOPER

Mirpur 2, Dhaka-1216, Bangladesh | (+880) 1737-191929 | masudrana06013@gmail.com | linkedin.com/in/masud29 | github.com/masud29 | masud-dev-portfolio.vercel.app

PROFILE SUMMARY

Full Stack Developer with 2+ years of experience building scalable web applications, REST APIs, and admin dashboards using Laravel, React, and modern JavaScript tooling. Skilled at designing efficient database structures, integrating third-party and AI-powered tools to accelerate development, and optimizing backend performance. Proven track record delivering multi-role platforms (admin, agent, customer) end-to-end — from architecture to deployment — with clean, maintainable code and strong attention to user experience.

TECHNICAL SKILLS

Languages & Frameworks: PHP, Laravel, JavaScript (ES6+), TypeScript, React.js, Next.js, HTML5, CSS3, Tailwind CSS, Bootstrap, jQuery

Backend & APIs: RESTful API Development, Role-Based Access Control (RBAC), Payment Gateway Integration, WebSockets, Queue & Job Scheduling

Database: MySQL, SQL, Redis

AI-Assisted Development: GitHub Copilot, ChatGPT / Claude for code generation & debugging, Cursor AI, OpenAI API integration

DevOps & Tools: Git, GitHub, GitLab, Docker (basics), Postman, VS Code, CI/CD fundamentals

Soft Skills: Leadership, Teamwork, Communication, Problem-Solving, Multi-tasking, Decision-Making

EXPERIENCE

Dhaka Apps Limited — *Junior Software Engineer*

March 2024 – Present

- Develop and maintain full-stack web applications using PHP Laravel (backend) and React (frontend), delivering scalable, production-ready features.
- Design and build RESTful APIs and role-based admin dashboards used across multiple client projects.
- Implement Role-Based Access Control (RBAC) and secure payment gateway integrations for e-commerce and service platforms.
- Collaborate with cross-functional teams (design, QA, product) to translate requirements into efficient, maintainable code.
- Leverage AI-assisted tools (GitHub Copilot, ChatGPT/Claude) to speed up development, debugging, and code review.

PROJECTS

Study Abroad Application & Visa Management Platform (GAConnect)

gaconnt.com

- Built a multi-role platform supporting Admin, Counsellor, Agent, and Student roles for end-to-end study-abroad application and visa management.
- Developed application & visa tracking workflows, document management, university/course selection, and consultation booking features.
- Implemented role-specific dashboards with tailored permissions and functionality for each user type using RBAC.

Education Platform

ius.edu.bd

- Built the frontend and an admin dashboard with role-wise access control and management for all required institutional functionalities.

Movie & Drama Streaming Platform

binduvision.com

- Built a dynamic frontend for movies, dramas, and series with an integrated player, fully manageable from the admin dashboard.

E-Commerce Platform

costechnologies.com

- Implemented core e-commerce features including cart, checkout, and order tracking, with a full-featured management dashboard.

EDUCATION

B.Sc. in Computer Science & Engineering — Uttara University

Diploma in Engineering (4 years), Computer Technology — Bogura Polytechnic Institute

CERTIFICATIONS

- Web Development (PHP with Laravel) — Creative IT Institute, 6 Months
- Professional Web Application Development (PHP, Laravel) — IsDB-BISEW IT Scholarship Programme, 6 Months
